In disposing of any such property, the Commissioner shall be bound by the terms hereof and references to the contracting officer shall be deemed to refer to such Commissioner.

(i) Except as permitted by all applicable law, all disposals or contracts for disposal of property made or authorized by the Regulating District shall be made after publicly advertising for bids except as provided in subsection (iii) of this Section F.

(ii) Whenever public advertising for bids is required under subsection (i) of

this Section F:

 - (B) all bids shall be publicly disclosed at the time and place stated in the advertisement; and
 - (C) the award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Regulating District, price and other factors considered; provided, that all bids may be rejected at the Regulating District's discretion.
- (iii) Disposals and contracts for disposal of property may be negotiated or made by public auction without regard to subsections (i) and (ii) of this Section F but subject to obtaining such competition as is feasible under the circumstances, if:

 - (B) the fair market value of the property does not exceed fifteen thousand dollars;
 - (C) bid prices after advertising therefore are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition;
 - (D) the disposal will be to the state or any political subdivision or public benefit corporation, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation;
 - (E) the disposal is for an amount less than the estimated fair market value of the property, the terms of such disposal are obtained by public auction or negotiation, the disposal of the property is intended to further the public health, safety or welfare or an economic development interest of the Regulating District, the state or a political subdivision (to include but not limited to, the prevention or remediation of a substantial threat to public health or safety, the creation or retention of a substantial number of job opportunities, or

the creation or retention of a substantial source of revenues, or where the authority's enabling legislation permits or other economic development initiatives), the purpose and the terms of such disposal are documented in writing and approved by resolution of the board of the Regulating District; or

(F) such action is otherwise authorized by law.

(iv) An explanatory statement shall be prepared of the circumstances of each disposal by negotiation of:

(A) any personal property which has an estimated fair market value in excess of fifteen thousand dollars;

(E) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

(v) Each such statement shall be transmitted to the persons entitled to receive copies of the report required under all applicable law not less than ninety (90) days in advance of such disposal and a copy thereof shall be preserved in the files of the Regulating District making such disposal.

These Guidelines are subject to modification and amendment at the discretion of the Regulating District board and shall be filed annually with all local and state agencies as required under all applicable law.
